Experience

Remote Vans

Cincinnati, Ohio

August 2023-December 2023

Design Co-op

Collaborated with various departments in order to convert vans into a livable space.

Multitasking and communicating ideas as well as ordering from vendors in order to complete projects on a strict timeline.

Force-4 A Division of Stress Engineering

Mason, Ohio

February 2023-May 2023

Design Co-op

Sketching, ideating, CAD work, making models to test the designs, making final models to send to clients, 3D printing, and working with engineers. Communicating and working efficiently to execute projects on a strict timeline.

S.P.A Inc. A TRG Company

Milford, Ohio

May 2022-August 2022

September 2021-January 2022

Design Co-op

Creating display designs, making models to test the designs, and creating a bill of materials for each completed project. Multitasking and communicating ideas to superiors then executing those ideas in a short amount of time.

Wittrock Woodworking

Blue Ash, Ohio

February 2021-May 2021

Mill floor worker

Collaborated with skilled cabinet makers. Product centered work including sanding, cutting, detailing, building, reading blueprints, and using manufacturing equipment. Primary project was a custom built order that focused on refining grain work.
